1.5	379.9	CONTROL #4 - Kroger, 8141 Highway 100, Nashville, TN
		OPENS: START + 20:22 CLOSES: START +40:44

The key to completing this permanent is getting by on the limited resources available on the Trace. Various rest areas on Trace have bathrooms and water. Water is sometimes cool, but rarely cold. Other options for food and drink are below; there may be others, but they are probably further off route. The "MM" number is the approximate Mile Marker for the exit. The number in parentheses is how far you must go "off-route" to reach this place. Most stores are only open during standard business hours (e.g., 7 am to 7 pm, at best). STAY WELL-STOCKED -- you will have long stretches without a store.

MM 428: Leiper's Fork Shell Station (1 mile). TN-46 S/Pinewood Rd exit. Right (southwest) at bottom of ramp. Go 0.7 miles to stop and turn left. Store is on left in 0.2 miles.

MM 416: Fly Store (2 miles). TN-7 S exit. Left (southwest) at bottom of ramp. Go 1.7 miles. Store is on left.

MM 386: Fall Hollow Village (.2 miles). Take US 412 exit. Campground is just southeast of the Trace.

MM 355: Collinwood (.5 miles). Take Collinwood exit and go northwest. Go .3 miles. Store is open most nights until 11 pm.

MM 326: Cherokee (1.2 miles). Take exit for US 72. At bottom of ramp, turn right (east). Store is .5 miles on right. Other options in downtown Cherokee (about 2.5 miles further on US 72). If going north, take the first (southern-most) Cherokee exit.

MM 305: Tishomingo (1.1 miles). Take exit for MS-25N. At end of ramp, turn left (north). Store is .9 miles on left. Other options in downtown Tishomingo (about 2 miles further north on MS-25)

MM 270: Saltillo (1.5 miles). Take MS-363 N/Mobile St. exit. Go east 1.2 miles to downtown Saltillo. Various options thru town. Note that this is only seven miles from the Tupelo control.
